DAY 4 — READING, VIDEOS AND SELF-CHECK

Day 4 self-study

Six short readings, six introductory videos and six self-check questions. Work through them after today's Skill Builder course.

One short reading for each Day 4 topic

Official documentation pages, about 10 to 15 minutes each. Click a title to open it.

TOPIC	PAGE	WHAT TO LOOK FOR
RAG	What is RAG? (AWS)	Why retrieval grounds an answer in documents.
RETRIEVAL	Amazon Bedrock Knowledge Bases	Ingestion, retrieval and generation in one service.
CHUNKING	How content chunking works for knowledge bases	Default, fixed-size, hierarchical and semantic.
FRESHNESS	Sync your data with your knowledge base	Why a change reaches retrieval only after a sync.
CITATIONS	Query a knowledge base and generate responses	How a generated answer carries its citations.
VALIDATION	AWS Glue Data Quality	Rule-based validation for larger pipelines.

Introductory videos on YouTube

Short English introductions to each Day 4 topic. Click a title to open it.

TOPIC	YOUTUBE VIDEO	CHANNEL · WHY WATCH
RAG	What is Retrieval-Augmented Generation (RAG)?	IBM Technology · the idea in a few minutes.
EMBEDDINGS	What is a vector database?	IBM Technology · embeddings and similarity search.
CHUNKING	Chunking for beginners: 3 simple techniques	Weaviate · how chunk size and overlap matter.
RETRIEVAL	Deep Dive with AWS: implementing Knowledge Bases	AWS Events · a knowledge base built end to end.
DATA CONTRACTS	Data contracts: what are they and why do they matter?	Thoughtworks · agreed rules between data owners.
VALIDATION	Introducing AWS Glue Data Quality	Amazon Web Services · data quality rules at scale.

SELF-STUDY · SELF-CHECK

Answer these without your notes

- What does a data contract record, and why do data owners review it before ingestion?
- What does each of the four data zones hold: raw, cleansed, curated and rejected?
- How does the quality report describe a run, and what happens to an unchanged record?
- Why must the chunking strategy be recorded before the data source is created?
- A document changes tonight. When can an answer reflect the change?
- How do you trace a citation in an answer back to one source file?
